TIGERNUTS

Tigernuts can be regarded as the world's first superfood as they were what our ancestors used to eat thousands of years ago. Moreover, according to research from Oxford University they comprised up to 80% of our Paleo ancestors' diet around 2 million years ago.

Now Tigernuts have made great a comeback as one of the healthiest foodstuffs on the market.

Get even more of the great sweet taste with our Peeled Tigernuts. Our patented processes eliminate the outer coating, leaving only the sweet tasting inner, with health giving vitamins and nutrients.

Our new mechanically Peeled Tigernuts

Deliver the most intense, sweet Tigernut flavour ever. They are organic certified and of course Non-GMO. If this wasn't enough, they can even act as an appetite suppressant.
